ICK eLearning Platform Roles:

Role#1: Students:

A user with the Student role in ICK eLearning can participate in course activities and view resources but not alter them or see the class gradebook.

They can see their own grades if the teacher has allowed this. When a student first joins ICK eLearning they see all available courses

How students will get benefited by using ICK eLearning?

Access to learning materials anytime, anywhere. Because ICK eLearning is a web-based solution that also offers a robust Mobile App, learners can access course materials from anywhere and at any time. That means they don't need to be in the classroom or have physical materials on hand.
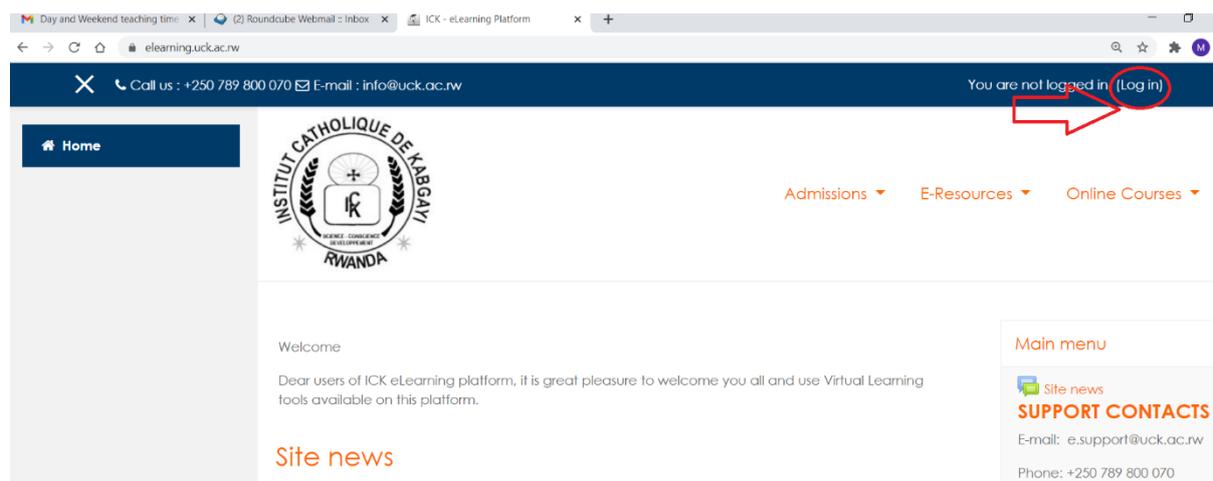

Role#2: Teachers:

What is the role of teacher in ICK eLearning?

Teachers have full access to build and facilitate a course in ICK eLearning. They can add resources and activities, change settings, enter grades, and configure the gradebook.
